Lea Dickson and Barbara Hall, Dickson v. Stratford Board of Education
Ms. Dickson and Ms. Hall were involved in an early pay equity case in Connecticut that began in 1974 and finally was resolved in 1975. Both plaintiffs coached girls sports teams at Stratford Public High Schools and were paid significantly less than the coaches of the boys teams. With the help of CWEALF the plaintiffs won their case and received equal salaries and back pay. We honor them for their spirit and early dedication to equal pay for equal work.
